| 2:00 | Break |
| 2:15 | Guide to the Guidebook |
| 2:45 | Plan Submittal/DOST |
| 3:15 | Questions and Answers |
| 3:30 | Adjourn for Informal Q&A |

California Water Plan

Our new reality is one in which we must manage a resource characterized by uncertainty and vulnerability due to climate change and changing ecosystem needs.

Lester Snow
Former Secretary of the Natural Resources Agency

Urban Drought Guidebook

www.water.ca.gov/pubs/planning/urban_drought_guidebook/

Good planning and preparation can help agencies maintain reliable supplies and reduce the impacts of supply interruptions.

Lester Snow
Former Secretary of the Natural Resources Agency

Urban Water Management Planning Act

The UWMP Act directs water agencies in carrying out their long-term resource planning responsibilities to ensure adequate water supplies are available to meet existing and future demands.

California Water Code

2010 Plans
Granted extension to
July 1, 2011

Water agencies must prepare a plan if they:

(1) Supply at least 3,000 acre-feet
of potable water per year

OR

(2) Serve at least 3,000 customers

Regional or Individual?

Regional UWMP

OR

Regional Alliance

(Target only)

Detailed in
**Methodology 9:
Regional Compliance**

Adoption & Public Review

(1) Notice

- **NEW** Send notice to cities and counties within service area at least 60 days in advance of public hearing, advising that the plan is under review.
- Notice to same cities and counties of public hearing
- Notice of public hearing to be published in newspaper once a week for two successive weeks

(2) Hold Public Hearing(s)

- Review of Plan
- **NEW** Adopt a method for determining an urban water use target.
- **NEW** Allow community input regarding the urban retail water supplier's target implementation plan.
- **NEW** Consider the economic impacts of the urban retail water supplier's target implementation plan.

(3) Adoption by City Council or Board of Directors

Public Process

After Adoption

Within 30 days of adoption, submit to:

- DWR,
- the California State Library,
- any city or county within which the supplier provides water.

After submitting to DWR

- Within 30 days, supplier and DWR make the plan available for public review
- Within 60 days provide 'Water Service Reliability' section to cities and counties within which it provides water supplies.

DWR reports to legislature

- December of 2011 DWR submits report on status of UWMPs

UWMP Act– Major Sections
